

2015 FSASE Summer Conference – Osceola County

On June 7-10, 2015 your Supervisor of Elections and staff had the opportunity to attend the 2015 FSASE Summer Conference in Kissimmee hosted by the Osceola County Supervisor of Elections. During this conference we had the opportunity to hear presentations on balancing office administration while conducting successful elections, planning for the 2016 election cycle, on-line voter registration, The Presidential Commission Report and what it means for the future, as well as a presentation from the United States Postal Service. Networking and sharing best practices is just one of the many ways your Supervisor of Elections prepares for a busy election year and we look forward to implementing some of the ideas we brought back to Taylor County.
