

2015 Country in the Pines Music Festival September 26, 2015

On September 26, 2015 your Supervisor of Elections office attended the Country in the Pines Music Festival. Our elections table included applications to register to vote or update your existing record as well as printed election material and voter guides for the upcoming 2016 election cycle. We enjoyed the company of many and were able to register 7 new voters while listening to the many bands and solo artist throughout the day. Thank you Taylor County Chamber of Commerce and their many volunteers for all the hard work we know goes into such a successful event.
