

TTI Yard Sale – Voter Registration Drive October 17, 2015

On October 17, 2015 your Supervisor of Elections office attended the Taylor Technical Institute's Community Yard Sale. Our elections table included applications to register to vote or update an existing record as well as printed election material and voter guides for the upcoming 2016 election cycle. We enjoyed visiting with everyone that stopped by our table and while handing out election information we registered 9 new voters. Thank you TTI administration and staff and the many vendors who participated and make this event so successful.
