

2015 Small County Meeting – Steinhatchee October 28, 2015

Your Supervisor of Elections and staff recently hosted the statewide small county meeting in Steinhatchee, Florida. 32 of the 34 small counties were represented with both Supervisors and staff. On the eve of the 2016 Presidential Election it is very important that we do all we possibly can to prepare ourselves as well as our voters so that we are all “election ready”. During our two day meeting the following topics were discussed: poll worker recruitment and training, absentee mail ballots, voting equipment, marketing your office and your election message, technology enhancements, public records and records retention, candidate qualifying, committeemen and committeewomen, new ideas, best practices, and our FSASE legislative priorities. We were honored to have a surprise visit from our Secretary of State, Ken Detzner as well as our Division of Elections Director, Maria Matthews.
