

# 2013 TCHS VOTER REGISTRATION DRIVE

May 7, 9 and 10<sup>th</sup>, the Supervisor of Elections office visited Taylor County High School and held a voter registration drive to assist students in registering to vote. Dana Southerland, Supervisor of Elections, along with members of her staff were on hand during both lunches to give students an opportunity to register to vote and to answer questions students might have concerning election related topics. 42 future voters were registered during this event. Thank you to the TCHS administration and staff for allowing us the chance to interact with the students at the high school.
